

ISSTORMUR

Product

**CATALOG**

**2023**

**ISSTORMUR ehf.** is a young family company that involved in the production of finished products and semi-finished products from fish and seafood. We are **located in Southwestern Iceland** in small town Sudurnesjabaer. That means that we use **only natural raw materials freshly caught** in Iceland. Iceland is clean and pure, natural and unpolluted. Fish grows in the natural environment, and is not grown on farms. The fish is completely wild, which means it has rich taste and does not have any harmful additives.

We export our products all over the world. We have 2 directions in production, which are realized on two Factories:

- **Canning in Sudurnesjabaer (Cod liver and other fish products)**
- **Drying in Flateyri (Human grade Pet treats, Sea Cucumbers and Cod fish maws)**

We have access to **exclusive raw materials**. There are limitations on catching of Sea Cucumbers all over the world. Our Company belongs to the Group which has 4 licenses out of 8 issued by the government of Iceland to catch this product.

Quality of our products – is our main priority. We aim to emphasize the special characteristics of each ingredient and preserve their quality. Another priority is – creation of exclusive and unique products. To realize this goal, we constantly developing our own technologies which we implement on modern equipment - very often developed by ourselves. Our production corresponds to all international standards. **ISSTORMUR ehf.** has implemented a **HACCP system**. We really value the careful handling of raw materials and ingredients during production. We want to have all our products not only tasteful but also healthy. That's why we don't use ingredients that can negatively affect the health of consumers.

It's our goal to be more than your supplier. We hope to be your partner – one you can come to with questions, concerns and ideas. We apply an **individual approach** to each client. We can adapt the recipe to the needs and desires of the client, and develop an individual packaging design. We are constantly evolving and always open to something new.

*Dear Partners! Please don't hesitate to contact us if you are interested in cooperation. We are always glad to communicate with you.*

## COD LIVER 121 g
