ISSTORMUR ehf. is a family-owned company based in Sugurnesjabar, a small town in Southwestern Iceland.

We specialize in the production of premium seafood products, both finished and semi-finished, using high-quality fish and seafood sourced with care, including fresh catches from Iceland's clean and unpolluted waters.

Our focus is on quality, innovation, and sustainability.

All our products are processed in strict accordance with international standards, including a fully implemented HACCP system.

We pride ourselves on preserving the natural characteristics of each ingredient, ensuring our seafood is not only delicious, but also healthy and free from harmful additives.

What sets **ISSTORMUR** apart is our commitment to uniqueness.

We constantly develop our own technologies, and often design our own equipment, to create exclusive products that meet the highest expectations.

Every step of our production, from catch to customer, is carefully managed for maximum freshness and quality.

We care deeply about responsible sourcing and environmentally conscious production. From reducing food waste to improving energy efficiency, sustainability is an essential part of our process.

Our facility is equipped to handle flexible batch sizes, custom recipes, and tailored packaging. This allows us to meet the demands of global partners while maintaining a personal, adaptable approach to each project.

We value long-term partnerships and believe in growing together with our clients. That is why we offer individualized solutions, transparent communication, and reliable delivery.

If you are looking for a dedicated, forward-thinking partner in the seafood industry, we would be happy to hear from you. Let's create something exceptional together.
